Experience

Rosebank College   2022-Present
Academic Mentoring Program Tutor

- Serving dozens of students in group/classroom environments as well as face-to-face classes. Giving back to alma mater by providing academic mentoring.
- Gained key experience in professional relationships with students and past teachers, group control and engaging audiences.

Musical Accompanist

- Playing for dozens of performances within the school's HSC Music programme, for Music 1 and Music 2 students.
- Drum kit, with a focus in Jazz

Projects

Texas Hold'em in CLI

- Written in Python, and have gained experience in correct Python Style, as well as Object Oriented Programming principles.

Personal Developer Website (haezera.github.io)

- Written in HTML/CSS with a bit of JavaScript, I created a personal website which displays my projects in a sleek modern format.

Tahook (Kahoot Remake)

- Currently working in an agile team of 5 for COMP1531, acting as both a project manager and a software engineer. Have gained insights into Git, agile environments, Java/TypeScript and more.
